How to Block Someone on Social Media

Step-by-step guide for blocking users across different platforms

RESPONSE

general

Blocking someone on social media is one of the most effective ways to stop cyberbullying. Here are the steps for major platforms:

Instagram: 1. Go to their profile, 2. Tap the three dots menu, 3. Select "Block", 4. Confirm by tapping "Block" again.

Facebook: 1. Go to their profile, 2. Click the three dots below the cover photo, 3. Select "Block", 4. Confirm the action.

TikTok: 1. Go to their profile, 2. Tap the three dots in the top right, 3. Select "Block", 4. Confirm by tapping "Block".

Twitter/X: 1. Go to their profile, 2. Click the three dots menu, 3. Select "Block @username", 4. Confirm by clicking "Block".

Remember: Blocking prevents them from seeing your content and contacting you directly.
